

THE FUTURE OF PRIVACY FORUM (FPF) is a global non-profit organization that brings together industry, academics, civil society, policymakers, and other stakeholders to explore the challenges posed by technological innovation and develop privacy protections, ethical norms, and workable business practices.

We are an independent and pragmatic voice for privacy regulation and take on the tough issues of integrating privacy protections with responsible data use.

We provide a platform for senior privacy executives worldwide who understand the importance of having a space to discuss business practices with other leading experts to support the development of best practices and impactful solutions.

Why Sponsor with FPF?

Sponsorships allow us to:

- › FPF brand associated with global thought leadership.
- › Access to senior-level privacy professionals with purchasing influence and authority.
- › Receive international visibility within the data protection and privacy community.
- › Ability to position your company as a leader with a globally respected organization.

Connect. Engage. Build Relationships.
